Many years of research conducted by The Gallup Organization suggest that the most effective people are those who understand their strengths and behaviors. These people are best able to develop strategies to meet and exceed the demands of their daily lives, their careers, and their families.

A review of the knowledge and skills you have acquired can provide a basic sense of your abilities, but an awareness and understanding of your natural talents will provide true insight into the core reasons behind your consistent successes.

Your Signature Themes report presents your five most dominant themes of talent, in the rank order revealed by your responses to StrengthsFinder. Of the 34 themes measured, these are your "top five."

Your Signature Themes are very important in maximizing the talents that lead to your successes. By focusing on your Signature Themes, separately and in combination, you can identify your talents, build them into strengths, and enjoy personal and career success through consistent, near-perfect performance.

Input

You are inquisitive. You collect things. You might collect information—words, facts, books, and quotations—or you might collect tangible objects such as butterflies, baseball cards, porcelain dolls, or sepia photographs. Whatever you collect, you collect it because it interests you. And yours is the kind of mind that finds so many things interesting. The world is exciting precisely because of its infinite variety and complexity. If you read a great deal, it is not necessarily to refine your theories but, rather, to add more information to your archives. If you like to travel, it is because each new location offers novel artifacts and facts. These can be acquired and then stored away. Why are they worth storing? At the time of storing it is often hard to say exactly when or why you might need them, but who knows when they might become useful? With all those possible uses in mind, you really don't feel comfortable throwing anything away. So you keep acquiring and compiling and filing stuff away. It's interesting. It keeps your mind fresh. And perhaps one day some of it will prove valuable.

Achiever

Your Achiever theme helps explain your drive. Achiever describes a constant need for achievement. You feel as if every day starts at zero. By the end of the day you must achieve something tangible in order to

feel good about yourself. And by “every day” you mean every single day—workdays, weekends, vacations. No matter how much you may feel you deserve a day of rest, if the day passes without some form of achievement, no matter how small, you will feel dissatisfied. You have an internal fire burning inside you. It pushes you to do more, to achieve more. After each accomplishment is reached, the fire dwindles for a moment, but very soon it rekindles itself, forcing you toward the next accomplishment. Your relentless need for achievement might not be logical. It might not even be focused. But it will always be with you. As an Achiever you must learn to live with this whisper of discontent. It does have its benefits. It brings you the energy you need to work long hours without burning out. It is the jolt you can always count on to get you started on new tasks, new challenges. It is the power supply that causes you to set the pace and define the levels of productivity for your work group. It is the theme that keeps you moving.

Adaptability

You live in the moment. You don't see the future as a fixed destination. Instead, you see it as a place that you create out of the choices that you make right now. And so you discover your future one choice at a time. This doesn't mean that you don't have plans. You probably do. But this theme of Adaptability does enable you to respond willingly to the demands of the moment even if they pull you away from your plans. Unlike some, you don't resent sudden requests or unforeseen detours. You expect them. They are inevitable. Indeed, on some level you actually look forward to them. You are, at heart, a very flexible person who can stay productive when the demands of work are pulling you in many different directions at once.

Learner

You love to learn. The subject matter that interests you most will be determined by your other themes and experiences, but whatever the subject, you will always be drawn to the process of learning. The process, more than the content or the result, is especially exciting for you. You are energized by the steady and deliberate journey from ignorance to competence. The thrill of the first few facts, the early efforts to recite or practice what you have learned, the growing confidence of a skill mastered—this is the process that entices you. Your excitement leads you to engage in adult learning experiences—yoga or piano lessons or graduate classes. It enables you to thrive in dynamic work environments where you are asked to take on short project assignments and are expected to learn a lot about the new subject matter in a short period of time and then move on to the next one. This Learner theme does not necessarily mean that you seek to become the subject matter expert, or that you are striving for the respect that accompanies a professional or academic credential. The outcome of the learning is less significant than the “getting there.”

Positivity

You are generous with praise, quick to smile, and always on the lookout for the positive in the situation. Some call you lighthearted. Others just wish that their glass were as full as yours seems to be. But either way, people want to be around you. Their world looks better around you because your enthusiasm is contagious. Lacking your energy and optimism, some find their world drab with repetition or, worse, heavy with pressure. You seem to find a way to lighten their spirit. You inject drama into every project. You celebrate every achievement. You find ways to make everything more exciting and more vital. Some cynics may reject your energy, but you are rarely dragged down. Your Positivity won't allow it. Somehow you can't quite escape your conviction that it is good to be alive, that work can be fun, and that no matter what the setbacks, one must never lose one's sense of humor.
